

“BREAKING THE BARRIER”

As part of the public education program and creating awareness of persons with disabilities in our community, the Accessibility Advisory Committee for the Municipality of Port Hope presents a plaque to businesses in the Municipality who have renovated their premises or surpassed the Building Code requirements by implementing The Northumberland County Accessibility Guidelines. The Guidelines are for new construction to ensure access for persons with disabilities. The **“Breaking the Barrier”** plaque is presented by the Mayor at a regular Council meeting that is generally televised to facilitate public awareness.

**Municipality of Port Hope
Accessibility Advisory Committee
