Purpose of Official Plan Application

Complete this section if you are applying for an Official Plan Amendment.

Which type of Official Plan amendment is being proposed?

- ☐ To add a new policy to the Official Plan or change, delete or replace existing Official Plan policy
- ☐ To change or replace the existing Official Plan land use designation of the subject lands

What is the requested land use designation for the subject land?

What land uses are permitted by the current designation?

Is this a proposal to alter the boundary of a settlement area or to implement a new area of settlement?

- ☐ Yes (application must be accompanied by supporting material to fulfill the requirements of a comprehensive review, as defined)
- ☐ No

Is this a proposal to remove land from an area of employment?

- ☐ Yes (application must be accompanied by supporting material to fulfill the requirements of a comprehensive review, as defined).
- ☐ No

Describe the purpose of the proposed Official Plan Amendment?

Describe the policy to be added, changed, replaced, or deleted.

Purpose of Zoning By-law Amendment Application

Complete this section if you are applying for a Zoning By-law Amendment.

Describe the nature and extent of the proposed rezoning.

To implement the proposed Draft Plan of Subdivision, an amendment is required to the existing Zoning by-law as the lands are currently zoned “Future Development”. This will allow the land to be used for the appropriate type of residential development. The zone in the proposed draft Zoning By-law Amendment is ‘Hamlet Residential One Type X’ to stay in conformity with the hamlet residential designation. A Site Specific Exception is established for the provisions that require amendments to accommodate proposed lot sizes and dimensions.

Amendments to the Minimum Lot Area, Minimum Lot Width, Minimum Exterior Yard Setback, and Maximum Height are projected. This will allow the thirteen lots to exist in conjunction with the hamlet. As per Table 1 in Section 3.1, only one lot is proposed to have a width less than 29.0m. Due to the corner location of Lot 1, the frontage is proposed to be 18.8m wide. All thirteen lots in the subdivision will adhere to a lot area of 2200m². A stormwater management facility containing an underground tank will be permitted in the RESV1-X zone.

Why is this rezoning being requested?

Hamlet Residential one Type One for a site specific amendment

- i) Minimum Lot Area – 2200m²
- ii) Minimum Lot Frontage – 18.0m
- iii) Minimum Exterior Yard – 6.0m
- iv) Maximum Height – 13.0m
